

Radon Detection Canisters

Activated Charcoal (AC)

Bulk Price List

Radon Detek canister style 'DB' is a diffusion barrier canister designed to be exposed for 2 to 5 days. TCS is a PRIMARY laboratory for these canisters. We are NRSB and PA DEP listed for AC laboratory analysis. TCS is also listed by the NRSB for Secondary Chamber Operations.

TCS uses six computer integrated multi-channel gamma spectrometers for accurate and timely results. Written reports are e-mailed the day of receipt of canisters, or mailed the next business day. We can fax results on request.

<u>Quantity</u>	<u>Type 'DB'</u>
16-25	\$12.40 ea
26-49	\$11.65 ea
50-99	\$10.40 ea
100-249	\$10.05 ea

Return mailers are **not** included in these prices.

6% sales tax will be added for PA businesses without tax exempt numbers.

Prepaid first class return labels.....\$4.85 each

FAX or CALL 717-657-7032 E-mail: Radondetek@comcast.net

Please note we have discontinued selling our 'SG' (48 hr) style canisters and have also decreased the bulk price of the 'DB' canister. We will continue to process outstanding canisters with no additional fee.
